Call/text the following phone numbers if you need help at any time during the trip:

David Matos (803) 215-3263

Ayman Fadel (706) 284-3002

Shoes for walking long distances & protection against rain/snow

Clothing to protect you from cold & precipitation

Backpack with supply of water, food & necessary medication.

Form a group of “buddies” and inform David or Ayman. Take responsibility for each other’s safety at all times.

Use GPS and paper instructions to designate the bus departure point from DC. If you feel you may be lost, contact David or Ayman immediately.

If anybody discusses with you an illegal action, note as many details as you can about the person and report it to event organizers. Do not engage the person in any way.
